Wholesale Trade List Of Hardy Native Wild Plants.

Rhododendrons, Kalmias, Azaleas
Leucothoes, Tsugas, Shrubs, Perennials and Ferns

AS WELL AS SEED FOR THE ABOVE PLANTS

A. J. GREENE, PINEOLA, N. C.
Box 62

I am in the central part of the Blue Ridge Mountains from which the best of native wild plants are shipped. Every year hundreds of carloads of this material go out to all parts of the world. I can supply your planting needs with as fine material, and I believe as low prices as any one. So I am presenting the following list for your consideration: I will ship your orders using your tags if you desire. Will deliver plants by truck or trucks if you wish and will be glad to figure rates to your city. just state the varieties and how many to be delivered. For seeds order in early summer for fall delivery. Will contract to collect large amounts or small lots of seeds. PRICES ARE F. O. B. AND MIXED CARLOAD LOTS AT CARLOAD PRICES. TERMS NET 60 DAYS 4% 10 DAYS WITH 10% DISCOUNT FOR CASH WITH ORDER. SHIPPING SEASON STARTS SPRING MARCH 1st, FALL SEPTEMBER 1st. ALL PLANTS WILL BE MOST CAREFULLY SELECTED AND GRADED AND BE OF THE BEST THAT CAN BE PRODUCED. Thinking all for your past orders and for any others in the future and for any information regarding plants and plant material, your inquiries will be gladly answered.

WOODSIA obtusa (blunt lobed woodsia fern) strong clumps	-----	20c	6c	

All broad leaf evergreens as well as all the other plants listed in this list will be collected in Western North Carolina. I feel that during the rush years of 1927-1931, perhaps the planting of Rhododendrons was overdone and during the rush many plants was shipped that would never give satisfaction. Now that shipping has fallen off and many new areas have burned over in the best Plant sections of North Carolina, there is a profusion of beautiful plants ready for a market. In mass plantings and shady locations these collected plants will give entire satisfaction at a substantial saving.

A. J. GREENE,
Pineola, N. C.
